

FRANCE

We collect prospectively 2 variables.

These variables can be coded, if necessary, each time the clinic presentation changes.

Clinical presentation :

- Asymptomatic
- Mild presentation treated at home
- Severe presentation treated in a medical department
- Very severe presentation treated in an intensive care unit
- Death due to cov19
- Other presentation

Diagnosis:

- Suspicious symptomatology
- Diagnosis confirmed with a sample
- Other method

To declare the cause of death, we ask everybody to use the code IC10 : B972

ENQUÊTE NATIONALE COV19+

[\[Enquête nationale COV19+\]](#)

Patient atteint du COV19 ASYMPTOMATIQUE ATTEINTE MODEREE A DOMICILE ATTEINTE SEVERE HOSPITALISEE ATTEINTE GRAVE EN REANIMATION DECES LIE AU CORONAVIRUS Autre présentation clinique Non renseigné

Diagnostic du COV19 Symptomatologie faisant suspecter COV19 Diagnostic confirmé suite à un prélèvement Autre moyen diagnostique Non renseigné
